Subject : OPCC contact

Just to reiterate some advice around neighbourhood contact and sus, speeding and or anti-social vehicles. Following the letter from the force to local parishes about neighbourhood contact etc.

Due to our workloads and or differing roles we now undertake for a large percentage of the time please could any sus, speeding and or anti-social vehicles be called in on (or email) 101 non-emergency and 999 for emergency if incidents are occurring at the specific time. Obviously it would be helpful to gain a registration. As the letter supplied suggests could contact be made on

bideford@devonandcornwall.pnn.police.uk rather than direct to officers.
